

eRECORDS FOR FAMILY HISTORY by Cora Num

This 2nd edition has been fully revised and updated. Use it to discover a whole new way to research and how to access unique resources not available elsewhere, mostly for free. There is lots of practical advice and handy tips plus details on how to organise, manage and backup your digital data and eRecords.

eRecords are original records that have been digitised and are online as individual records, part of historical collections (free and paid) or on sites that offer searches across multiple online collections. eRecords are fully searchable and offer unprecedented research possibilities using your PC, tablet or smartphone, whenever and wherever you are.
